WEBSITE DESIGN AND DEVELOPMENT MANAGER

JAVASCRIPT | PHP | WORDPRESS | REACT | HTML/CSS

I have the capacity development in Information Technology with the ability to manage and maintain client portal effectively for over 10years. More knowledgeable in system administration. Worked with individuals and corporate bodies on a consulting level. Dedicated, creative minded resourceful, a team player, result-oriented, self-starter, with excellent communication skill working, highly proficient in creating training materials and documentation with minimum or no supervision leveraging data to make informed decision.

As the Web Manager, I will love to enhance and develop skills in the management of tracking and tagging across online platforms, as well as communicating insights in a user-friendly way to stakeholders. I strongly believe that the Web Manager position will help in the integral in selecting and deploying of web analytic software to ensure tracking accuracy and consistency.

I will hope to have a strong work-life balance, including more hours of working weeks and a remote working environment.
